

Southeastern Door Company is a highly reliable Manufacturer of fine quality Sliding Glass Doors. Our 35 years of experience is what distinguishes us from competitors. Every door is custom made to meet the stringent demands of our customers. With recognizable craftsmanship, visibly appealing design and extreme durability is what makes us better.

With exceptional versatility, our doors are ideal for Luxury Estate Homes and Condominium Replacement Markets. Southeastern Sliding Glass Doors are designed and constructed to withstand the harsh coastal climate.

HARDWARE & COMPONENTS

Our Doors are assembled with the highest grade of materials available.

Handle system is an interior pull with comfort grip and exceptional hand clearance. Handle is available in a variety of powder coated and metal finishes. Visit our website for available color choices.

Roller designed to operate with ease while providing long lasting durability. This effortless motion is attributed to a unique combination of high quality nylon and stainless steel precision bearings which are encased in a sealed housing.

FINISHES

Doors offered in White, Bronze, and Clear Anodized. High Performance Powder Coat to meet AAMA 2604 is warranted to resist cracking, chipping, peeling and fading.

Custom finishes available upon request. Ask about our superior finish warranty.

Unlimited number of door panels and configurations are available.

HURRICANE PROTECTION

Our Hurricane Resistant Sliding Glass Door exceeds the stringent Florida and Miami-Dade County Building Codes with features like 99% UV protection, noise reduction, security and effortless hurricane protection. Our Hurricane Glass outperforms other products with excellent clarity and an industry best warranty.

SentryGlas keeping homes safer and quieter.

“Our doors allow significantly more viewing area than our competitors unsightly wide door rails.”
